# Dashboard

Once you've logged in, you can access all the features and information for your business, view statistics and edit your details.

The menu is located to the left hand side of the page and directs you to all the important areas where you can view / edit / create and delete different types of information and files such as your brochures, images, videos and descriptions.

You can log out of the Narnoo platform by clicking your account in the top right hand corner, and selecting 'Log Out'.

The screenshot shows the Narnoo dashboard interface. On the left is a navigation menu with items: DASHBOARD, BUSINESSES, IMAGES, ALBUMS, VIDEOS, BROCHURES, DESCRIPTIONS, LOGOS, FOLLOWERS, SOCIAL, ACCOUNT, and LOGOUT. The main content area features a header with a 'LOCAL TOURISM DEALS' banner, a welcome message, and two statistics sections: 'Views Statistics' and 'Download Statistics'. Below these are four content cards for 'Images', 'Videos', 'Brochures', and 'Descriptions', each with a red notification bubble. A 'Quick Image Upload Box' is present with the instruction 'Drop files to upload (or click)'. On the right, a 'Followers' list is shown. The top right corner includes a user profile dropdown menu with options for 'Dashboard', 'Account', 'Profile', and 'Log Out'. Two red callout boxes provide additional context: one points to the 'Narnoo Demo' account name, and the other points to the dropdown menu options.

# Profile description

From your Narnoo your account, you have the option to open, view and create descriptions for your business.

Upon selecting the 'DESCRIPTIONS' menu item you will be able to view your current descriptions, by name.

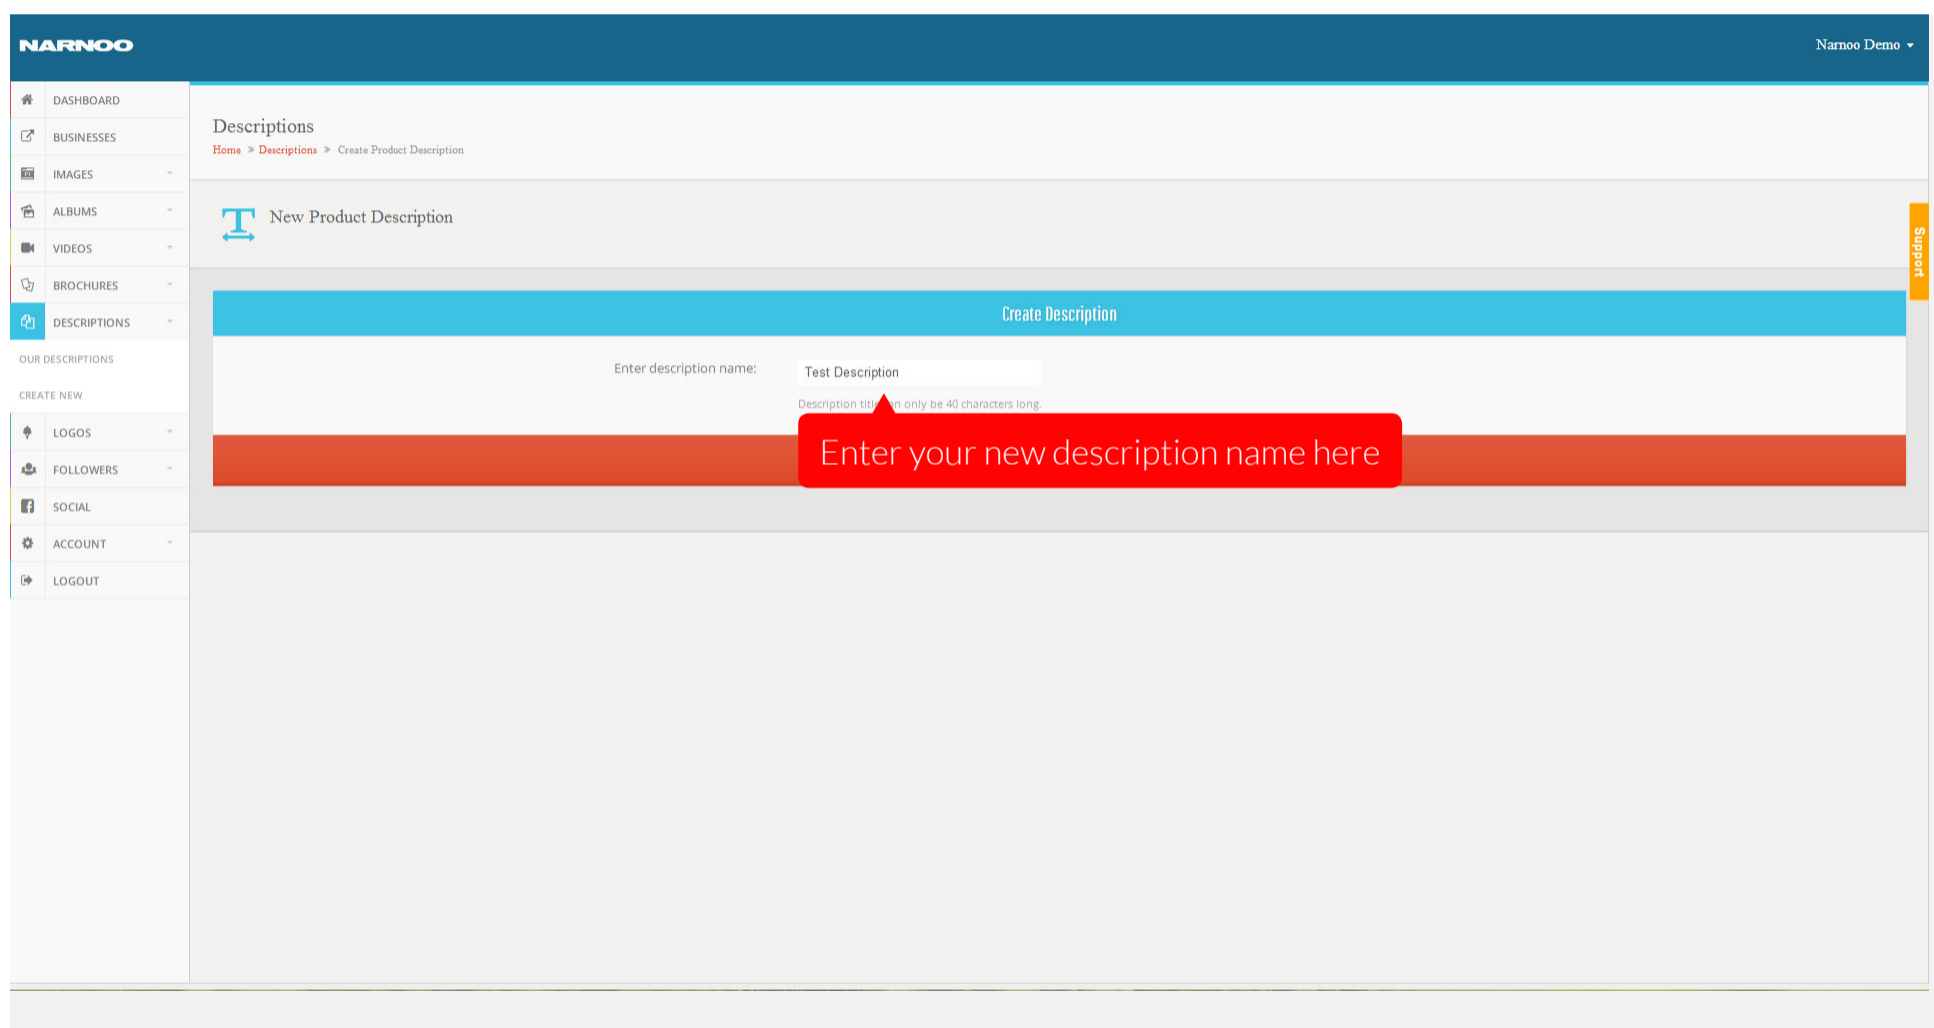

Clicking on any description will enable you to view the text entered for the description, including the 'overview', 'features' and 'contact' sections.

# Creating a new description

Either by clicking the 'create new' menu item or by clicking the 'Create New Description' button to the right hand side of the DESCRIPTIONS page you will be taken through the process of creating a new description.

The first step is to select a name for the new description. This must be no longer than 40 characters.

The screenshot displays the NARNOO dashboard interface. On the left is a navigation sidebar with menu items: DASHBOARD, BUSINESSES, IMAGES, ALBUMS, VIDEOS, BROCHURES, DESCRIPTIONS, OUR DESCRIPTIONS, and CREATE NEW (with sub-items LOGOS, FOLLOWERS, SOCIAL, ACCOUNT, LOGOUT). The main content area is titled 'Descriptions' and shows a breadcrumb trail: Home > Descriptions > Create Product Description. Below this is a 'New Product Description' section with a blue 'Create Description' button. A form field labeled 'Enter description name:' contains the text 'Test Description'. A red callout box with a white arrow points to the input field, containing the text 'Enter your new description name here'. A small note below the input field states 'Description title can only be 40 characters long.' The top right corner of the dashboard shows 'Narnoo Demo' and a 'Support' button.

# Editing a description

When you create a new description, by default it is entered as empty. The new description will be displayed alongside the existing descriptions.

To enter text for the new description, click the description.

From here you can edit / enter text for the 'overview', 'features' and 'contact'.
